

CLEANING, DAMAGE & RETURN VIDEO

Rental agreement addendum | Travel disclosure included

\$25 once per rental

Return video: 60 seconds maximum

1. Routine tote cleaning

The \$25 routine cleanup fee is charged once per rental and covers cleaning and disinfecting all rented totes for the next customer. It remains separate from responsibility for damage or missing equipment. This addendum establishes no additional cleaning penalty.

2. Return condition and video

Return the trailer clear of personal belongings, with rented equipment returned, cleaned as required by the rental agreement, and organized in its designated places. At drop-off, record one video of no more than 60 seconds showing the trailer interior/exterior and the returned totes and equipment. Upload it privately to the matching rental through the separate return-upload link provided by The Fun Box. The video documents the return condition and supports the owner's inspection; it does not by itself settle a damage claim.

3. Damage and missing equipment: actual costs

The renter agrees to pay reasonable, documented actual repair costs for damage for which the renter is responsible under the rental agreement. Missing equipment, or equipment that cannot reasonably be repaired, may be billed at a documented reasonable replacement cost for a comparable item, considering its prior condition. Ordinary wear, preexisting damage and owner-caused damage are excluded. A later inspection alone does not make the renter responsible for damage occurring after return.

4. Itemized billing and payment

The Fun Box will provide an itemized invoice and supporting condition/cost evidence for a damage or missing-item claim. The renter may respond or identify an error before the claim is resolved. Payment is handled separately through the owner's manual invoice process, and a payment receipt is supplied after payment is verified. This acknowledgment does not authorize automatic card or bank debits.

5. Travel disclosure

Travel within Utah is permitted, including Utah County and Salt Lake City. Out-of-state travel is also permitted when disclosed to The Fun Box in advance. Before the trip, indicate whether travel will leave Utah and identify the destination state(s) and city/area. The rental agreement's existing driver, towing, loading and prohibited-use rules continue to apply.

Required booking acknowledgment

I understand the \$25 tote-cleaning/disinfection fee. I agree to return the trailer and equipment as required, upload a return video of no more than 60 seconds, pay documented reasonable actual repair/replacement costs for damage or missing items for which I am responsible, and disclose out-of-state travel in advance, as explained in this addendum.
